
SPACEPOLE, INC. MAP Policy

As one of the world's leading mobility and mounting solutions companies, Spacepole, Inc. ("Spacepole") has determined that certain advertising practices undermine Spacepole's trade reputation, brand, and image within the target consumer population and discourage Spacepole dealers from investing in Spacepole product lines and providing the best possible service and support to its consumers, and is focused on maintaining high margins for its Value-Added Resellers (VARs) and Distributors (individually, a "Reseller", and collectively, "Resellers"). Accordingly, Spacepole has adopted this Minimum Advertised Price Policy (the "MAP Policy"), which applies to all advertisements of Listed Products (defined below). This MAP Policy applies to all Spacepole Resellers in the United States and Canada. This MAP Policy incorporates guidelines for internet-based advertising of prices for Spacepole products via online ads and sales pages, and guidelines for the use of marketing methods such as marketing-based email and text messages to customers and the distribution of unsolicited physical media containing price information for Spacepole products. We request that each Reseller comply with Spacepole's MAP Policy to maintain the high standards that we set for our products. However, Spacepole does not intend that this MAP Policy affect, set or otherwise restrict the actual resale price of any Spacepole product, and Resellers remain free to sell Spacepole products at any price they deem appropriate.

This MAP Policy has been implemented by Spacepole, and Spacepole will determine how the MAP Policy will be administered or maintained. Further, the MAP Policy is not an agreement between Spacepole and a Reseller..

Spacepole reserves the right to change, amend, or discontinue the MAP Policy at any time in its sole discretion. Spacepole shall make any such modifications available to all Resellers. No Reseller has any right to rely on the continued existence of this MAP Policy or any effort by Spacepole to enforce the terms and conditions of this MAP Policy. Any updates to this MAP Policy will be published online at [insert website address].

Please read the MAP Policy and attached schedule carefully. We believe the MAP Policy is self-explanatory; however, if you have questions, please send them in writing to:

Spacepole, Inc.
5755 Goshen Springs Rd., Ste. D
Sandy Springs, GA 30350
Attn: MAP Policy Administrator

MAP Policy Guidelines for Spacepole Listed Products

The MAP Policy applies to all Spacepole branded products sold from time to time (the "Listed Products"). Minimum advertised pricing for all Spacepole Listed Products can be found on the Spacepole product price list attached hereto as "Schedule A", which may be updated from time to time. All advertised prices for Listed Products must be at or above the listed minimum advertised price ("MAP"). Resellers are not required to list prices in advertising. However, if a price is listed in an advertisement it must be at or above the listed MAP. Other pricing statements such as "call for price" or "call for quote" are permitted and do not violate the MAP Policy.

Spacepole Listed Products must be advertised at or above MAP on internet search engines. Resellers are free to set the actual resale price of any Spacepole Listed Product. Spacepole's MAP policy for all Listed Products applies to advertising placements, including but not limited to, print ads (inserts, magazines, newspapers, catalogues, mail order catalogues, etc.), broadcast (radio and TV), direct mail, faxes, internet placement with third parties (banner ads, broadcast emails, destination pages, third-party sites), internet placements on the Reseller's own website, and any flyers, posters or coupons.

At any time that Spacepole publishes an updated price list, MAP pricing must be updated immediately upon receipt.

From time to time, Spacepole may, in its discretion, permit its Resellers to advertise Spacepole Listed Products at prices below MAP, but only in circumstances specified by Spacepole in writing to all Resellers. Spacepole reserves the right to modify or suspend the MAP Policy with respect to certain Listed Products for a specified time period defined by Spacepole in a written advance notice to all Resellers.

Pricing Statements

Spacepole's MAP Policy allows Resellers to omit pricing entirely from advertisements, and/or publish advertisement statements such as "Call for Price" or "Call for Quote."

Free Offers Associated with Spacepole Listed Products

Free shipping and/or handling, 0% sales tax, or free financing promotions do not violate the MAP Policy.

All Spacepole Listed Products Price Matching Policies

Price matching policies do not violate the MAP Policy. However, price matching cannot be used as an excuse for violations of Spacepole's MAP Policy. Advertised pricing must always be at MAP or higher.

Failure to Comply with the MAP Policy

A Reseller's failure to comply with MAP may result in the immediate loss of authorized Reseller status and the ability of Reseller to purchase all Spacepole Listed Products for resale or distribution. Violations shall be subject to the following procedures:

1. Each Reseller must provide Spacepole with a signed acknowledgement confirming receipt of this MAP Policy. A reseller who fails to do so shall be deemed an "Unauthorized Reseller".
2. Spacepole Distributors shall not sell Spacepole Listed Products to any Unauthorized Reseller.
3. Enforcement of Violations of the MAP Policy:
 - (a) First Violation: Spacepole or a Distributor will provide a written notice of the violation, and the MAP violation must be corrected by the Reseller within 24 hours of receipt of the notification.
 - (b) Second Violation: The Reseller's account may be put on hold for 30 days, and Spacepole or a Distributor may suspend product shipments for a period of 30 days.
 - (c) Third Violation: Should a Reseller commit a third violation, the Reseller's account may be permanently terminated by Spacepole and/or the Distributor.

Effective Date:

This MAP Policy is effective as of March 1, 2020 and supersedes all prior versions of the MAP Policy.

MAP Policy Acknowledgment of Receipt
